

FAS G4 PR/PC

FAS-G4 PR/PC is a low-profile plate rack/plate carrier that accommodates Level III or IV hard armor plates and equipment pouches. Constructed of highly durable laser-cut Tank Track with Debris Management System (DMS), this lightweight plate carrier also offers specialized features including EURUS™ ventilation panels, skeletal cummerbund, optimal load carriage capabilities, and side closure options such as the MAG TAK® buckle system. Easy to don and doff, FAS-G4 PR/PC provides exceptional comfort and performance to meet the needs of every mission.
