

# Army Combat Uniform

The Army Combat Uniform and its flame-retardant variant, the Flame-Resistant Army Combat Uniform (FRACU), are the current battle uniforms worn by the United States Army. The uniform is also used by the U.S. Air Force, where it is known as the Airman Combat Uniform (ACU).

## FEATURES

- Hook & Loop on upper arm
- Near Infrared (NIR) Signature Management Technology: Permanent IR IFF squares are sewn to each shoulder to help identify friendly personnel when night vision devices are used, and are protected by hook & loop tabs in garrison or when not in use.
- The front closure is zippered and reinforced with hook & loop, designed for use with IOTV.
- A three slot pen pocket on the left arm of the jacket.
- Blouse bellows for increased mobility.
- Hook-and-loop pouches for knee pad inserts.
- Two forward-tilted thigh storage pockets with elastic drawstring and hook-and-loop for closure during movement.
- Two calf storage pockets one on each pant leg with a hook-and-loop closure.
- Hook-and-loop waistband fine-adjusters.
- Hook-and-loop cuff adjusters.

## COLORS

- Universal Camouflage Pattern (UCP)
- Operation Enduring Freedom Camouflage Pattern (MultiCam)
- Operational Camouflage Pattern (OCP)
