

MOLLE II Medium Rucksack

Designed for the US Army, the Military Surplus MOLLE II Medium Rucksack is ideal for 24 – 72 hour missions. With over three thousand cubic inches of storage, this pack's two exterior pockets and one large main compartment has ample room all your gear. The main compartment is also hydration compatible and features three hook-and-loop hydration tube exit holes. The sturdy frame, padded shoulder straps and waist belt make this bag comfortable to carry on long hikes and withstands up to 60 pounds of gear.
